Before we begin

Ava and Ben, this reading looks at your home in two layers: **the building** and **the two of you**.

The building: its facing direction and move-in year give it a Flying Star chart (玄空飞星), a pattern of numbers for each sector. **The people:** each of you has personal directions (八宅, Ba Zhai) and helpful elements from your Four Pillars. A home works best when both layers agree.

An excellent foundation

Your flat faces South at 165° and you moved in during Period 9 (2024–2043), so it carries the prosperous star **9 twice at the facing side**, exactly where your main door is. Your shared helpful element is **Water**; Ben also benefits from Wood, and Ava from Fire.

This reading is not medical, financial, legal or psychological advice. The people, dates and property in this sample are fictional.

Your home in five ideas

A strong entrance, a bedroom that suits you both and a work space each: **most of the benefit comes from simple moves.**

I A double-9 front door

Both stars at your South entrance are 9, the prosperous star of Period 9 (双星到向). Keep the foyer bright, clear and welcoming.

2 The right bedroom for both

The Northwest master bedroom is Ava's Tian Yi. Ben's Huo Hai there is mild and easy to balance from his side of the bed.

3 A study for each of you

Ben works in the East, his Yan Nian, facing North. Ava works in Bedroom 2 (Northeast, her Fu Wei), facing Southwest.

4 Water and Wood, gently

Both of you go easy on Earth and Metal. Navy, deep blue, plants and natural wood suit the whole home; small Fire touches only where Ava works.

5 Two annual watch-points

2026: the 5 at the door, the 2 in the bedroom. 2027: they move to the master bath and the kitchen. Simple Metal remedies are enough.

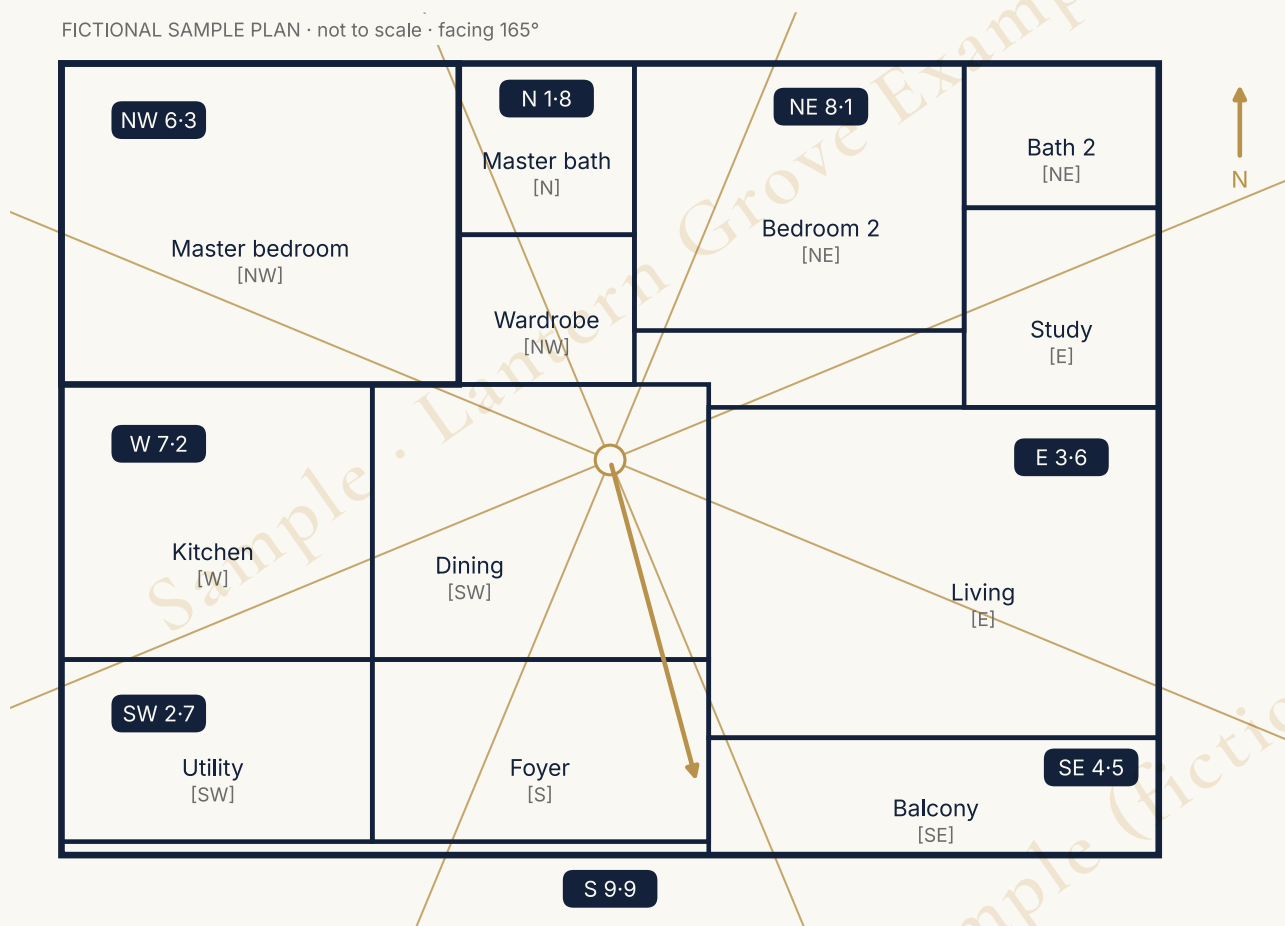

YOUR ACTION STEPS

1. Walk the flat with this report and mark each room's steps.
2. Start with the foyer and master bedroom: they matter most in 2026.

The plan and its sectors

The plan is divided into **eight sectors** from its **centre**. Each tag shows the sector's mountain and facing stars; the gold arrow points to the facing direction, 165°.

FICTIONAL SAMPLE PLAN · not to scale · facing 165°

NORTH AND NORTHEAST

Master bath (N) · Bedroom 2 and Bath 2 (NE). The quiet, supportive back of the home.

EAST AND SOUTHEAST

Study and living (E) · balcony (SE). Ben's side of the home.

SOUTH, WEST AND NORTHWEST

Foyer (S) · dining and utility (SW) · kitchen (W) · master bedroom and wardrobe (NW).

How sectors are read. Each 45° slice from the centre takes its compass direction. A room spanning two slices takes the one holding most of its floor area. Room tags on the plan carry their sector in brackets.

The flying star chart

Each sector has a **mountain star** (people, rest, relationships) and a **facing star** (activity, opportunity).

Watch-points

Permanent facing 5 at the Southeast balcony · facing 2 in the West kitchen · the annual 5 and 2 each year.

In Period 9, 9 is prosperous, 1 and 2 are the coming stars and 8 is just past its peak. The 5 and 2 are the stars to calm. Your chart has double prosperous stars at the facing (双星到向): strong for opportunity and visitors. The North sitting side benefits from calm, solid support such as a solid headboard wall or tall furniture.

Your home and your charts

Ava is a **West-group** person and Ben an **East-group** person: no single room is ideal for both, so each gets a best space and you share rooms kind to both.

Ava · strong 庚 Metal · Kua 8

Helpful: **Water, then Fire**. Good directions: Southwest, Northwest, West and Northeast.

Ben · gentle 乙 Wood · Kua 4

Helpful: **Water, then Wood**. Good directions: North, South, East and Southeast.

Sector	Room	Ava (Kua 8)	Ben (Kua 4)
N	Master bath	Wu Gui	Sheng Qi
NE	Bedroom 2	Fu Wei	Jue Ming
E	Study, living	Liu Sha	Yan Nian
SE	Balcony	Jue Ming	Fu Wei
S	Foyer	Huo Hai	Tian Yi
SW	Dining, utility	Sheng Qi	Wu Gui
W	Kitchen	Yan Nian	Liu Sha
NW	Master bedroom	Tian Yi	Huo Hai

Sheng Qi is each person's best direction, followed by Tian Yi (support), Yan Nian (relationships) and Fu Wei (steadiness). Use them for desks, seats and headboards.

YOUR ACTION STEPS

1. Each choose a dining seat facing one of your good directions.
2. Keep shared rooms in Water and Wood tones, which suit you both.

Who sleeps and works where

Each of you works in your own best direction; the shared bedroom favours your relationship.

Sleeping · master bedroom (NW)

The Northwest is Ava's Tian Yi with a calm 6-3 pair; for Ben it is Huo Hai, the mildest of his four less favourable directions. Bedroom 2 is Ava's Fu Wei but Ben's least favourable direction, so **the Northwest is the better shared choice**. Put the headboard on the **West wall**: heads to the West, Ava's Yan Nian. Ben takes the side nearer the North, his Sheng Qi, with a green or navy throw and a plant.

Ben's study · East

His Yan Nian, with the annual 8 in 2026. Desk **facing North**, his Sheng Qi, with a solid wall behind him.

Ava's work room · Bedroom 2, NE

Her Fu Wei, with the future-prosperous facing 1. Desk **facing Southwest** (Sheng Qi) or Northwest (Tian Yi).

Why this works. The double-9 entrance supports you both as you come and go; the bedroom holds Ava's support direction and the relationship direction at the headboard; and each desk faces its owner's best direction. Ben draws on the North without sitting in the bathroom that occupies it.

YOUR ACTION STEPS

1. Move the bed so the headboard is on the West wall.
2. Set Ben's desk to face North and Ava's to face Southwest.

Foyer and main door · South

The strongest point of the home: 9 mountain and 9 facing at the door.

STARS · MTN · FAC

9·9

ANNUAL 2026 / 2027

5 / 4

AVA · BEN

Huo Hai · Tian Yi

Fire at the threshold. Nine is Fire, Ava's helpful element, so the entrance supports her energy every time she comes home. For Ben, South is Tian Yi, a supportive direction. For Ava it is Huo Hai, but a doorway is a passage, not a place to sit, so this matters little. This double 9 (双星到向) is the home's best asset for opportunity and visitors.

For Ava · Kua 8

Huo Hai: the mildest less favourable direction: minor setbacks.

For Ben · Kua 4

Tian Yi: support and recovery.

DO

Keep it bright and clear · a good doormat · a clean, working door and lock · warm light in the evening.

GO EASY ON

Shoes piled by the door · a mirror directly facing the door · renovation here in 2026.

2026: the annual 5 at the door

The traditional approach is to keep this area quiet: no renovation or drilling here in 2026, and a simple Metal remedy inside the door, such as a brass bowl or a six-rod metal wind chime. In 2027 the gentle annual 4 arrives: fresh flowers or a plant suit it.

YOUR ACTION STEPS

1. Clear the foyer of clutter.
2. Add a brass bowl or six-rod metal chime for 2026.
3. Fit a warm, bright light at the entrance.

Master bedroom and wardrobe · Northwest

A Metal sector for two people who use Metal sparingly: Water is the correction.

STARS · MTN · FAC

6·3

ANNUAL 2026 / 2027

2 / 1

AVA · BEN

Tian Yi · Huo Hai

Steady for rest. Water drains Metal and is helpful to both of you, so navy and deep blue soft furnishings are the ideal correction. The 6 mountain star is steady for rest; the 3 facing star can bring debate, which the Water also calms. In 2026 the annual 2 visits: traditionally it is calmed with Metal, such as a brass gourd on a shelf, and by avoiding renovation this year. In 2027 the annual 1, a supportive Water star, arrives: a gentler year for the bedroom.

For Ava · Kua 8

Tian Yi: support and recovery.

For Ben · Kua 4

Huo Hai: the mildest less favourable direction: minor setbacks.

DO

Navy bedding and curtains · natural wood furniture · wardrobe doors closed · mirrors inside wardrobe doors.

GO EASY ON

Large areas of white, grey and bare metal · mirrors facing the bed · desks or laptops in bed.

For the two of you

This is Ava's Tian Yi and the room that holds your shared life. Keep work out of it. Ben's side is nearer the North, his Sheng Qi, with a green or navy throw and a plant.

YOUR ACTION STEPS

1. Switch to navy or deep blue bedding.
2. Place a brass gourd for 2026.
3. Move any mirror that faces the bed.

Master bath · North

A pleasant sector with a bathroom in it: future and recent prosperous stars.

STARS · MTN · FAC

AVA · BEN

Wu Gui · Sheng Qi (best)

Ben's best direction, used well. North is the Water sector and Ben's Sheng Qi; for Ava it is Wu Gui. A bathroom here uses some of his best direction, which is why his desk faces North instead: he draws on the direction without sitting in the bathroom. The 1 mountain star is a future-prosperous Water star and the 8 facing star a recently prosperous one, so this is a pleasant sector.

For Ava · Kua 8

Wu Gui: restlessness and friction.

For Ben · Kua 4

Sheng Qi: the best direction: vitality and opportunity.

DO

Keep it dry and ventilated · close the door and lid
· plants that tolerate humidity.

GO EASY ON

Leaks and dripping taps · heavy stone or Earth
décor.

2027: the annual 5 arrives

A bathroom is traditionally an acceptable place for a difficult star, so a simple Metal piece and good ventilation are enough. In 2026 the annual 6 is calm: keep the room clean.

YOUR ACTION STEPS

1. Fix any leaks.
2. Add a small humidity-tolerant plant.
3. Add a small Metal piece in 2027.

AVA · BEN

Fu Wei · Jue Ming

A study year in 2026. The annual 4 is the classical star of study and creativity: a good year to work from here. For Ben it is Jue Ming, so this is Ava's space, not a shared office. The Northeast is an Earth sector, and Earth is an element both of you use sparingly: bring in Wood (plants, natural timber) and Water (navy, deep blue) to balance it. In 2027 the annual 3, a quarrelsome star, visits; a small lamp kept on in the evening is the traditional Fire remedy.

For Ava · Kua 8

Fu Wei: steadiness and clear thinking.

For Ben · Kua 4

Jue Ming: the least favourable direction: avoid long stays.**DO**

Ava faces Southwest or Northwest · wall behind her · a small warm lamp in view · sage or green walls, navy accents, timber desk.

GO EASY ON

Heavy stone and beige · Ben working here · clutter in Bath 2.

Bath 2

Keep it ventilated and the door closed. A plant on the shelf helps.

YOUR ACTION STEPS

1. Set Ava's desk facing Southwest or Northwest.
2. Add two thriving plants.
3. Plan a small evening lamp for 2027.

Study and living · East

AVA · BEN

Liu Sha · Yan Nian

Opportunity at his desk. Wood is Ben's helpful element, so plants and natural timber make this a strong room for him. For Ava, East is Liu Sha: she is welcome in the living room, but her own room is better for long, focused work. The living room's 3·6 stars favour gentle activity: reading, conversation and hosting. In 2027 the annual 7 asks for calm and a Water accent.

For Ava · Kua 8

Liu Sha: distraction and loose talk.

For Ben · Kua 4

Yan Nian: harmony and relationships.**DO**

Ben's desk faces North, solid wall behind · plants and a navy desk mat · green and navy cushions, timber furniture · a small aquarium or water feature if you like one.

GO EASY ON

Ava's long work sessions here · hard, metallic furniture · clutter on the desk.

Seating

Ava: a seat facing Southwest, Northwest or West. **Ben:** a seat facing North, South or East.

YOUR ACTION STEPS

1. Set Ben's desk facing North.
2. Add two plants to the study.
3. Choose seats on the sofa by direction.

The permanent facing 5. Keep it calm: no heavy construction and nothing broken. A metal wind chime is the traditional remedy. The 4 mountain star is gentle and creative and the 2026 annual 9 brightens it. Ben's Fu Wei, a good morning-coffee spot; Ava's Jue Ming, so not her place for important calls.

AVA · BEN

Sheng Qi (best) · Wu Gui

Ava's best direction. The 2 is a coming star, the 7 past its time. A gathering space, so it works well; keep the utility tidy and machines in repair. An Earth sector: timber, soft textiles, navy placemats, a central plant; limit heavy stone. **Seats:** Ava faces SW, W, NW or NE; Ben faces N, S, E or SE.

YOUR ACTION STEPS

1. Clear the balcony and hang a metal wind chime.
2. Replace any struggling balcony plants.
3. Agree your usual dining seats by direction.

AVA · BEN

Yan Nian · Liu Sha

Fire feeds the 2's Earth. Traditionally the stove sits better away from a 2 star. Where the stove cannot move, a few Metal elements nearby, such as brass or steel utensils on display, are the usual balance. For Ava, West is Yan Nian, a harmonious direction for cooking; for Ben it is Liu Sha, so he does better with short visits. In 2026 the annual 3 asks for a lamp on in the evening.

For Ava · Kua 8

Yan Nian: harmony and relationships.

For Ben · Kua 4

Liu Sha: distraction and loose talk.**DO**

Keep it clean and well lit · steel or brass utensils on display · a working extractor fan.

GO EASY ON

Broken appliances · clutter on counters · heavy Earth tones.

2027: the double 2

With the facing 2 and the annual 2 together, add a brass gourd or metal bowl in the kitchen in early 2027. This is the one room to prepare in advance.

YOUR ACTION STEPS

1. Display steel or brass utensils.
2. Plan a Metal remedy for February 2027.

The annual stars, 2026–27

The annual stars change at **立春**, around 4 February. Place 2026 remedies now; take them down in early February 2027.

2027 balances itself

2027 (丁未) is a Mixed year in both your charts, and the home balances it: the bedroom receives the supportive 1, and the difficult stars move to a bathroom and the kitchen, where they are easy to manage. Keep 2027 improvements modest and outside the North and West.

YOUR ACTION STEPS

1. Place the foyer and bedroom remedies now.
2. Move remedies to the bath and kitchen around 4 February 2027.
3. Keep any 2027 improvements small, avoiding North and West.

Colours room by room

Every room uses your shared helpful element, **Water**, or Ben's **Wood**, with Fire as a small accent only in Ava's work room and Metal only as a remedy.

For the whole home

Use freely: black, navy and deep blue (Water), with green, sage and natural timber (Wood).

Use sparingly: large areas of beige, sand and brown (Earth), and all-white, grey or metallic rooms (Metal).

Room	Sector	Main	Accent	Ideas
Foyer	S	Water	Wood	warm white light, natural wood

WHY WATER FIRST

Water drains the Metal and calms the Earth that both charts carry in quantity, and it is the one element you share.

WHERE FIRE GOES

Only Ava's work room takes Fire, as a small lamp: Fire helps her but drains Ben.

YOUR ACTION STEPS

1. Pick one navy or deep blue piece for each shared room.
2. Keep Fire accents to Bedroom 2.

Your action list

Clear, move the bed, turn the desks: most of the benefit comes from these.

Boundary check

165° is 7.5° from the nearest mountain boundary, so no replacement chart is needed.

Measure carefully

A facing reading depends on an accurate compass bearing taken at the main door, away from metal. If your own reading differs by more than a few degrees, ask us to check the chart.

Birth-time notes

Personal directions use the solar birth year from 立春. Ava was born after 立春 1990 (4 Feb, 10:14), so her year is 1990. The birth-time sensitivities in the personal reports (Ben's hour boundary, Ava's solar-time hour) change nothing in this home reading.

Method

Flying stars (玄空飞星): Period 9 chart for a 丙 facing, 壬 sitting, built from the move-in period; annual stars for 2026 (丙午, centre 1) and 2027 (丁未, centre 9), changing at 立春. Personal directions (八宅) from each resident's Kua number by birth year and gender. Sectors are 45° slices from the plan centre, top of plan = North. Remedies follow classical practice and are low-cost and reversible.
